## Resource Guide for Alcohol and Drug Prevention and Treatment Services

NH Department of Health and Human Services  
Office of Alcohol and Drug Policy  
and  
Division of Public Health Services

Call 603.271.6110 or 800.804.0909 (toll-free in NH)

# VISION

**W**e envision a society in which alcohol and drug problems are recognized as public health issues that are both preventable and treatable.

**W**e envision a society in which high-quality services for prevention and treatment of alcohol and drug problems are widely available and where prevention and treatment are recognized as specialized fields of expertise.

**W**e envision a society in which people with a history of alcohol or drug problems, and people that are at risk for these problems are valued and treated with dignity and where stigma, prejudice, discrimination, and other barriers to prevention and recovery are eliminated.

# MISSION

**T**o significantly reduce alcohol and other drug abuse and its social, health, and behavioral consequences for the citizens of New Hampshire through public policy and resource development, education, and supporting initiatives that ensure the delivery of effective and coordinated prevention and treatment services.

**Disclaimer:** We have provided, to the best of our ability, the most accurate information that we have. Names and addresses do change, so please contact Sinda Ullstrup at 603-271-6110 or email: [sullstrup@dhhs.state.nh.us](mailto:sullstrup@dhhs.state.nh.us) with any new information. Thank you

# **Clinically Managed Residential Detoxification and Sobriety Maintenance Services**

Clinically managed residential detoxification services are designed for individuals who are experiencing intoxication from alcohol and/or drugs but are not experiencing a medical emergency. Admission is voluntary. These programs are staffed by Emergency Medical Technicians (EMT), as well as staff and volunteers who are specifically trained in the management of the inebriated or impaired person.

Sobriety maintenance programs provide short-term residential services for alcoholics and substance abusers. Services include individual group counseling, educational sessions and introduction to self-help groups. The purpose of sobriety maintenance programs is to provide a safe and supportive environment until appropriate treatment becomes available. They are typically offered 24 hours a day, 7 days a week.

# Outpatient Treatment

The following agencies provide outpatient substance abuse counseling, assessment and screening with funding from the New Hampshire Department of Health and Human Services and/or the Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention, and Treatment. These programs serve individuals whose alcohol and drug use affects their daily living and causes family issues, irregular employment, arrest, etc. In many cases, an individual's outpatient counselor provides the first step towards comprehensive treatment. Services are offered on a sliding fee scale, based on ability to pay for services.

# **Clinically Managed Low Intensity Residential Treatment Services**

Clinically Managed Low Intensity Residential Treatment Programs are designed to provide short-term supportive services to the recovering alcoholic and addict. Their goal is to prepare each resident for self-sufficiency in the community. In order to be eligible for most clinically managed low intensity residential treatment services, a person must have already completed a residential program and/or experienced a minimum period of sobriety.

## **SAMHSA Treatment and Physician Locators**

### **Substance Abuse and Mental Health Services Administration**

### **US Department of Health and Human Services**

The Substance Abuse and Mental Health Services Administration (SAMHSA) provides an on-line resource for locating drug and alcohol abuse treatment programs. It lists private and public facilities that are licensed, certified, or otherwise approved for inclusion by their State substance abuse agency. It also lists treatment facilities administered by the Department of Veterans Affairs, the Indian Health Service and the Department of Defense.

Web Address: <http://findtreatment.samhsa.gov/about.htm>

For additional advice, you may call one of the Referral Helplines operated by SAMHSA's Center for Substance Abuse Treatment:

1-800-662-HELP  
1-800-662-9832 (Español)  
1-800-228-0427 (TDD)

The Center for Substance Abuse Treatment (CSAT), Substance Abuse and Mental Health Services Administration (SAMHSA) also has a Physician Locator. The Locator is an on-line resource designed to help people locate physicians who can prescribe buprenorphine (Suboxone® and Subutex®) for treatment of opioid addiction.

Web Address:

[http://buprenorphine.samhsa.gov/bwns\\_locator/aboutphysician.htm](http://buprenorphine.samhsa.gov/bwns_locator/aboutphysician.htm)

# Impaired Driver Intervention Programs

Impaired Driver Intervention programs are designed for individuals with substance abuse related driving convictions. There are three types of programs:

- First Offender Programs
- Phase II Programs for the Repeat First Offender; and
- The Multiple Offender Program for Second or Subsequent Offenders.

**Note:** If you are not sure which program you belong in, you can call **603-271-4936** to get further information or request a brochure.

## First Offender Programs

There are two different programs for true first offenders:

- The Impaired Driver Intervention Program (IDIP); and
- The Weekend Impaired Driver Intervention Program (WIDIP).

If you have been convicted of a DWI first offense and have had no other DWI convictions in this or any other state in the last ten years, you are considered a first offender and belong in either **IDIP** or **WIDIP**. Both programs are twenty (20) hours long and consist of the following:

- A one-hour intake interview;
- 18 hours of alcohol and other drug abuse education classes;
- A final assessment by a licensed alcohol and drug counselor; and
- Possible aftercare recommendations that must be followed before your driver's license can be restored.

The Impaired Driver Intervention programs (**IDIP**) generally consist of seven classes scheduled on weekday evenings or Saturdays, plus two individual sessions. The fee is currently \$460, but is subject to change without notice.

The Weekend Impaired Driver Intervention Program (**WIDIP**) is an accelerated version of the IDIP program that runs from Friday afternoon until late Sunday afternoon and includes two overnight stays. The fee is currently \$585, which includes the cost of room and board. The fee is subject to change without notice.

## **Phase II Programs For the Repeat First Offender**

If you have been convicted of more than one DWI first offense in any state in the last ten years, regardless of the reason, you are NOT considered a first offender and must complete the Phase II Program. You may attend either the Phase II Program at the Multiple Offender Program in Laconia, NH, or the Phase II Program in your catchment area. The Phase II Program consists of the following:

- An intensive seven day/six night residential program;
- Alcohol and other drug education, group interaction and self-assessment;
- An evaluation by a licensed alcohol & drug counselor; and
- Possible after care recommendations that must be followed before your license can be restored.

The fee is \$1550, but is subject to change without notice. Payment in full is expected upon entrance, but it is possible to arrange a payment plan. Your license cannot be restored until payment is made in full.

## **Multiple Offender Program (MOP) For Second or Subsequent Offenders**

If you have been convicted of a second (or subsequent) offense in the last ten years, you will receive at minimum a 10-day sentence from the court.

The first three days will be served at a Department of Corrections facility (county jail). This portion generally begins on Tuesday. On Friday you will be transported from the jail to the Multiple DWI Offender Intervention Detention Center Program in Laconia, NH, for the next seven days. You will be released the following Friday morning, and must arrange for your own transportation home (unless you have additional jail time to serve). If you are given aftercare recommendations, you must follow them before your license can be restored.

The content of the Multiple Offender Program is the same as outlined for Phase II, except one evening is set aside specifically for family education and discussion. The fee is \$1550 but is subject to change without notice. Payment in full is due upon entry to the program, unless you arrange a payment plan with the Office of Reimbursements upon entrance.

**Provides: IDIP, WIDIP & Phase II**

# Prevention Services

Comprehensive prevention approaches are designed to prevent the use of alcohol and other drugs. They are available at the local level and often at no cost to participants. Prevention programs are typically designed either for the general population or for those identified to be at higher risk to use and abuse drugs, alcohol or tobacco.

# **New Hampshire STD and HIV Counseling and Testing Resources**

All of the agencies listed below offer both STD and HIV services except Lebanon, which offers only HIV services. All STD/HIV clinics offer a sliding fee scale, and no individual will be denied services because of his or her inability to pay. You will need to call individual clinics to find out what hours they are open and what payment schedules they offer.

In addition general information about HIV/AIDS is available from the following hotline:

**NEW HAMPSHIRE AIDS HOTLINE  
1-800-752-AIDS (2437) toll free in NH**

# New Hampshire Correctional Academies and Their Providers

The Academy Program is a community-based, alternative sentencing option for non-violent, low-risk offenders. Every county in New Hampshire has an Academy Program. The Academy is a one-year long, intensive and comprehensive program that offers strict probation and case management in lieu of incarceration. Academy Programs and their providers are listed below:

<b>COUNTY</b>	<b>PROVIDER</b>
<b>BELKNAP COUNTY</b>	None
<b>CARROLL COUNTY</b>	None

<http://www.fornh.org>

Friends of Recovery, NH is a statewide grassroots alliance of individuals who support recovery. Their goal is to eliminate the stigma of addiction through education and the recognition of the social and economic contributions of recovering people. Their purpose is to initiate change in legislation and resource allocation, raise awareness through public acknowledgment, and promote support by sharing experiences of recovering people, their families and friends.

### **Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention, and Treatment**

# Website Information

The following websites provide additional information and resources on alcohol and drug abuse prevention, treatment and recovery.

## **Campaign for Tobacco-Free Kids**

<http://www.tobaccofreekids.org>

The Campaign is fighting to free America's youth from tobacco and to create a healthier environment. It is one of the nation's largest non-governmental initiatives ever launched to protect children from tobacco addiction and exposure to secondhand smoke.

## **Capabilities, Inc.**

<http://www.capabilitiesinc.com>

Family life and drug abuse prevention professionals offering conference workshops, books, videos and training programs.

## **Centers for Disease Control and Prevention (CDC)**

<http://www.cdc.gov>

The CDC is the lead federal agency for protecting the health and safety of people – at home and abroad, providing credible information to enhance health decisions, and promoting health through strong partnerships.

## **Center for Mental Health Services**

<http://www.mentalhealth.org>

Provides information and resources on prevention, treatment, and rehabilitation services for mental illness. Also includes: programs, links and campaigns for kids.

## **Community Anti-Drug Coalitions of America (CADCA)**

<http://www.cadca.org>

CADCA is the premier membership organization of over 5,000 anti-drug coalitions, each working to make their community safe, healthy and drug-free, one community at a time. Great resource for community coalitions.

## **Coolspot**

<http://www.thecoolspot.gov>

The young teens' place for information on alcohol and resisting peer pressure.

## **FirstGov**

<http://www.firstgov.gov>

U.S. Government web site that provides the public with easy, one-stop access to all federal government on-line information and services. This website provides a single online information portal that connects Americans with information and resources from all 27 million federal web pages. One of the largest and most useful collections of web pages in the world.

## **IV Prevention Among Drug Users**

<http://www.cdc.gov/idu>

**(English)**

<http://www.cdc.gov/spanish/udi>

**(Spanish)**

Injection drug use is important in the transmission of blood borne infections (including HIV and hepatitis B and C). This web site provides access to materials and resources developed to assist HIV prevention providers working with IDUs and their sex partners.

## **Join Together**

<http://www.jointogether.org>

Join Together is a national resource for communities fighting substance abuse and gun violence.

## **Leadership to Keep Children Alcohol Free**

<http://www.alcoholfreechildren.org>

A coalition of Governor's spouses, Federal agencies, and organizations. Their initiative is to prevent the use of alcohol by children ages 9 to 15. The web site provides prevention statistics and research for specific audiences, ranging from parents and youth to health professionals.

## **National Inhalant Prevention Coalition**

<http://www.inhalants.org>

This comprehensive site explains all about inhalants, the prevention campaign, frequently asked questions, and contact information.

## **National Institutes of Health: National Institute on Alcohol Abuse and Alcoholism (NIAAA)**

<http://www.niaaa.nih.gov>

NIAAA supports and conducts biomedical and behavioral research on the causes, consequences, treatment, and prevention of alcoholism and alcohol-related problems.

## **National Institutes of Health: National Institute of Drug Abuse (NIDA)**

<http://www.nida.nih.gov>

NIDA's mission is to lead the Nation in bringing the power of science to bear on drug abuse and addiction. There are two critical components. The first is the strategic support and conduct of research across a broad range of disciplines. The second is to ensure the rapid and effective dissemination and use of the results of that research to improve drug abuse and addiction prevention, treatment, and policy.

## **National Institute of Drug Abuse for Teens (NIDA for Teens)**

<http://www.teens.drugabuse.gov>

This website is designed to educate adolescents ages 11 through 15 (as well as their parents and teachers) on the science behind drug abuse.

## **National Youth Anti-Drug Media Campaign (Freevibe.com)**

<http://www.freevibe.com>

Interactive website designed for youth to learn more about alcohol and other drugs.

## **New Futures**

<http://www.new-futures.org>

A non-profit organization whose mission is to foster, promote and support effective strategies to reduce alcohol, tobacco and other drug problems in NH. New Futures is focusing on two goals: reducing underage alcohol problems and increasing access to treatment through leadership and policy development, information dissemination and program innovation.

## **Office of National Drug Control Policy (ONDCP)**

<http://www.whitehousedrugpolicy.gov>

Principal purpose of ONDCP is to establish policies, priorities and objectives for the Nation's drug control program.

**Parents. The Anti-Drug**

<http://www.theantidrug.com>

Serves as a drug prevention information center and a supportive community for parents to interact and learn from each other. The site provides: articles, expert advice, science-based drug prevention information, news and studies.

**Partnership For A Drug Free America**

<http://www.drugfreeamerica.org>

A non-profit coalition of professionals from the communications industry, whose mission is to help teens reject substance abuse through its national anti-drug advertising campaign and other forms of media communication. The Partnership works to decrease demand for drugs and other substances by changing societal attitudes, which support, tolerate or condone drug use.

**Substance Abuse and Mental Health Services Administration (SAMHSA)**

<http://www.samhsa.gov>

SAMHSA is the Federal agency charged with improving the quality and availability of prevention, treatment, and rehabilitative services in order to reduce illness, death, disability, and cost to society resulting from substance abuse and mental illnesses.

**SAMHSA: Center for Substance Abuse Prevention (CSAP)**

<http://www.samhsa.gov/centers/csap/csap.html>

CSAP provides national leadership in the Federal effort to prevent alcohol, tobacco, and illicit drug problems. CSAP connects people and resources to innovative ideas and strategies, and encourages efforts to reduce and eliminate alcohol, tobacco and illicit drug problems both in the United States and internationally.

**SAMHSA:****Center for Substance Abuse Treatment (CSAT)**

<http://www.samhsa.gov/centers/csat/csat.html>

CSAT supports a variety of activities to improve the lives of individuals and families affected by alcohol and drug abuse by ensuring access to clinically sound, cost-effective addiction treatment that reduces the health and social costs to our communities and the nation.

**SAMHSA:****National Clearinghouse for Alcohol and Drug Information (NCADI)**

<http://www.health.org>

Features free information and resources on a wide variety of ATOD issues. Grouped by subject and audience, with links to other publications of interest.

**SAMHSA:****CSAP's Northeast Center for the Application of Prevention Technologies (CAPT)**

<http://www.northeastcapt.org>

CSAP's Northeast CAPT's mission is to support the application of science-based substance abuse prevention programs and strategies at the local, state, and regional levels. In addition, the CAPT promotes collaboration between and within each level.

**SAMHSA:****Reality Check**

<http://www.health.org/reality>

A national public education campaign designed to counter increases in marijuana use by youth by designing tools to help parents communicate with their children.

**SAMHSA:  
Workplace Resource Center Overview  
and information for the Federal Drug-  
Free Workplace Program.**

<http://www.drugfreeworkplace.gov>

The Workplace Resource Center provides centralized access to information about drug-free workplace and related topics.

**The AntiDrug.com**

<http://www.theantidrug.com>

The AntiDrug.com was created by the National Youth Anti-Drug Media Campaign to equip parents and other adult caregivers with the tools they need to raise drug-free kids. Working with the nation's leading experts in the fields of parenting and substance abuse prevention. The AntiDrug.com serves as a drug prevention information center, and a supportive community for parents to interact and learn from each other.
